

LETTER OF RECOMMENDATION

I am writing this letter to recommend Ashik Joseph Sajan for admission to your esteemed institution for higher studies.

As Ashik's professor and mentor at St. Joseph's College of Engineering and Technology, Palai, I had the pleasure of teaching him Engineering Graphics during his undergraduate studies for his academic period of 2019-2023. Throughout his time here, Ashik has shown a remarkable level of intelligence, dedication, and passion for the field of mechanical engineering.

During his studies, Ashik consistently demonstrated his exceptional analytical and problem-solving skills. He was always enthusiastic about learning and actively participated in class discussions and group projects. He never hesitated to take up challenging assignments and completed them with finesse, showcasing his excellent technical and research skills.

Apart from his academic accomplishments, Ashik also engaged in several community service activities and volunteered his time and skills to various social causes. He was also a great mentor and helped several of his peers overcome academic and personal challenges.

Overall, I have no doubt that Ashik's exceptional academic and leadership skills, along with his passion for engineering, make him an excellent candidate for pursuing higher studies in this field. I highly recommend him for admission to your institution, and I am confident that he will excel and contribute significantly to your academic community.

Thank you for considering my recommendation.

Sincerely,

Dr. Jeeno Mathew
